

FERRARI

- World Leaders in Solar Protection

Custom made Tensile Structure

Case Study

The sun baking into this outdoor eating area of this popular restaurant in Plettenberg Bay made it uncomfortable and unpleasant for patrons, especially during the summer months.

Fabric : **Ferrari 502S®**

Fabricator : Cape Shade

Solution : **Ferrari 502S®**

By using **Ferrari 502 S®** Translucent the architect was able to create a bright yet shady area where patrons can eat and drink in cool comfort. The use of laminated beams, stainless steel fittings and braided steel cables, provides a nautical feel to the structure, which is ideal for a restaurant that has a magnificent sea view.

Anti-capillarity treatment

Anti-Capillarity Treatment

The construction of the polyester fibres prevent moisture and dirt from running through the inner layers of the material. This ensures the clear transparency of the material so that dark patches form in the fabric overtime.

Won't sag

Tear resistance

Ultra Stable & Tear resistant

Ferrari 502S® is a textile designed according to an exclusive and patented process which ensures that the textile will not lose its shape or its inherent physical strength despite the tensions generated by wind, rain, hail or other climatic conditions. For this reason, **Ferrari 502S®** is preferred by architects and specifiers the world over for large exterior panels.

Precontraint

Manufactured using the exclusive patented Precontraint Ferrari technology, the **Ferrari 502S®** textiles are maintained under tension throughout the entire production cycle. The resulting level of dimensional stability is extremely high, meaning the textiles do not deform during installation or over time.

PRÉCONTRAIT FERRARI®: TECHNICAL TEXTILES

Fire Retardant

Fire retardant **Ferrari 502S®** is not inflammable and will only smoulder in the immediate presence of flames

Easy Maintenance

Thanks to its new S2 varnish, maintenance of the **Ferrari 502S®** textiles merely involves a wash with water and a mild detergent. There is no mould, rotting or discolouration caused by moisture.

Fungistatic treatment

5 Year Warranty - backed by one of the leading manufactures in the world.

Back-up and support from trained and experienced local suppliers.

synchron

Official supplier of **FERRARI** fabric
